Internal Audit

Learn the processes, procedures, and standards of internal auditing, as well as how to interpret information and determine next steps. Take advantage of the growing demand for qualified internal auditors and build the skills you need today.

Total Units: 32

The Internal Audit program consists of five required courses and three elective courses. Students must take all courses for letter grade and pass with a program GPA of 2.50 or better.

Students are also advised to complete the Intermediate Accounting Theory and Practice sequence (or equivalent), since the subject matter is a prerequisite for numerous courses in the curriculum. Students with equivalent experience or training may consult with the certificate advisor to waive the suggested prerequisites.

Certificate curriculum aligns with current Certified Internal Auditor (CIA®) certification requirements, which encompasses both U.S. and international standards. Coursework is also relevant to CFE, CISA, CGAP®, and CFSA® credentials.

Completion time: 3-4 quarters (full-time pace), 1-1.5 years (part-time pace)
